

Latron***B-1956** SPREADER STICKER

PRINCIPAL FUNCTIONING AGENTS:

Modified phthalic glycerol alkyd resin	77.0%
Constituents ineffective as spray adjuvants	23.0%
TOTAL	100.0%

Compositional Information: The following chemicals contribute to the hazard of this product and are listed in accordance with ANSI Z129.1 and state laws:

Modified phthalic glycerol alkyd resin	(trade secret)
Butyl alcohol	(CAS Reg. No. 71-36-3)

KEEP OUT OF REACH OF CHILDREN

CAUTION

Precautionary Statements

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Vapor harmful if inhaled. May cause eye or skin irritation. Harmful if swallowed. Combustible Liquid and Vapor.

Avoid breathing vapor or spray mist. Avoid contact with eyes, skin and clothing. Wear chemical splash goggles and imervious rubber gloves when handling. Do not take internally. Keep away from heat, sparks and flame. Keep container closed. Use with adequate ventilation. Wash thoroughly after handling. Remove and launder clothing before reuse.

FIRST AID

IF IN EYES:	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or Doctor for treatment advice.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a Poison Control Center or Doctor for treatment advice.
IF SWALLOWED:	<ul style="list-style-type: none"> Call a Poison Control Center or Doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF INHALED:	<ul style="list-style-type: none"> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a Poison Control Center or Doctor for further treatment advice.

Have the product container or label with you when calling a Poison Control Center or Doctor or going for treatment

Storage and Disposal

STORAGE: Store away from excessive heat (e.g. steam pipes, radiators), from sources of ignition and reactive materials. Keep from freezing.

SPILLS AND LEAKS: Eliminate all ignition sources. Wear respirator suitable for vapor concentration encountered (MSHA/NIOSH-approved or equivalent). Wear protective clothing. Dike and contain spill with inert material (e.g. sand, earth). Transfer liquid to containers for recovery or disposal and solid diking material to separate containers for disposal. Remove contaminated clothing promptly and wash affected skin areas with soap and water. Keep spills and cleaning runoffs out of municipal sewers and open bodies of water.

IN CASE OF FIRE: Use water spray, dry chemical or CO₂.

Wear respirator, self-contained breathing apparatus (pressure-demand, MSHA/NIOSH-approved or equivalent) and full protective gear. Use water spray to cool containers.

CONTAINER DISPOSAL: Empty containers may contain product residue (vapor/liquid) and can be hazardous. Observe all label precautions. Containers should be triple rinsed (or equivalent), punctured and then disposed of in a sanitary landfill or by incineration, if permitted by state and local authorities.

Directions for Use

Latron B-1956 is a water-dispersible, resin-based nonionic surfactant (not a water-soluble detergent-type wetting agent) that resists rewetting and removal by rain. **Latron B-1956** is effective as a spreading, depositing and sticking agent to improve the performance of insecticides, miticides, fungicides, defoliants and herbicides.

Latron B-1956 is beneficial when used on smooth and waxy or fuzzy (hairy) foliage and fruit. **Latron B-1956** will also improve spray coverage on fruit or foliage that is covered by dust or honey dew, webbed by spider mites or infected with powdery mildew, and on hard-to-wet insects such as mealy bugs and scales. On weeds and brush **Latron B-1956** will assist in the spray deposit/penetration.

Growers are urged to closely observe the pattern of spray deposition during spraying and after sprays have dried. If the pattern is blotchy and uneven, more **Latron B-1956** is needed. If the spray is running to lower leaf margins, "eyebrowing," or collecting in drop spots on fruit, the amount of **Latron B-1956** should be reduced.

DOSAGE: Recommendations for use of **Latron B-1956** depend on the crop, the pest, the kind of spray equipment, volume, pressure and droplet size of the spray and the pesticide of mixture being used. As a general guide, 1 to 2 ounces are used on moderately easy-to-wet plants, 2 to 4 ounces on hard-to-wet plants, and 4 to 8 ounces on very hard-to-wet plants per 100 gallons of dilute full-volume spray. As sprays are concentrated to 2X, 10X, or 20X, the amount of **Latron B-1956** should be increased in about the same proportion as the pesticide. The chart below will serve as a general guide for some of the more common types of spray application.

	Gallons of Spray Volume per Acre			Latron B-1956 (fl oz per 100 gallons of spray)
	Field Row Crops	Vineyards Hop yards	Treefruit and Nuts	
Dilute	100-160	150-300	600-1000	1-2 oz.
2X	50-80	75-150	300-500	2-4 oz.
3X	35-55	50-100	200-330	3-6 oz.
8X	12-20	20-40	75-125	8-16 oz.
10X	10-16	15-30	60-100	10-20 oz.
20X	5-8	8-16	30-50	1 pt.-1qt.
30X	3-5	5-10	20-30	1 1/2 pt.-1 1/2 qt.

Net Contents: 5 Gallons / 18.9 Liters

MISCELLANEOUS USES: To improve the wetting properties of insecticidal sprays on livestock, especially in hard water areas, use 1 to 2 ounces of **Latron B-1956** per 100 gallons of spray.

MIXING: **Latron B-1956** should be thoroughly dispersed in water before being added to the spray tank.

COMPATIBILITY: **Latron B-1956** can be used with wettable powder, emulsifiable concentrate or solution formulations of most pesticides now on the market.

Terms and Conditions of Use

If terms of the following Warranty Disclaimer and Inherent Risks of Use are not acceptable, return unopened package at once to the seller for a full refund of purchase price paid. Otherwise, use by the buyer or any other user constitutes acceptance of the terms under Warranty Disclaimer and Inherent Risks of Use.

Warranty Disclaimer

Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions, subject to the inherent risks set forth below. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

Inherent Risks of Use

It is impossible to eliminate all risks associated with use of this product. Crop injury, lack of performance, or other unintended consequences may result because of such factors as use of the product contrary to label instructions, abnormal weather conditions, presence of other materials, the manner of application, or other factors, all of which are beyond the control of the seller. All such risks shall be assumed by buyer.

Limitations of Remedies

The exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability, or other legal theories), shall be limited to, replacement of amount of product used.

Seller shall not be liable for losses or damages resulting from handling or use of this product unless Seller is promptly notified of such loss or damage in writing. In no case shall Seller be liable for consequential or incidental damages or losses.

The terms of the Warranty Disclaimer, above and this Limitation of Remedies cannot be varied by any written or verbal statements or agreements. No employee or sales agent of Seller is authorized to vary or exceed the terms of the "Warranty Disclaimer" or this "Limitation of Remedies" in any manner.
