

HydroFoamer HydroSprayer

Convenient cleaning
and sanitizing
solutions

The HydroFoamer and HydroSprayer offer easy automatic dilution with convenient control of where and how the solution is applied. On and off functions are at your fingertips, trigger controlled on the spray nozzle. To rinse, the concentrate container is disconnected using an easy-to-operate quick coupler, designed to allow either a full width spray or powerful jet stream while rinsing. This range of control helps personnel apply the solution where it's wanted. Handles on larger containers increase the operator's control over the application.

- Built with Hydro's proven, reliable components – durability proven by years of use in the field
- Compact, easy to store
- Increased productivity of employees
- Enhanced safety (reduced exposure to concentrates)
- Non-electric, no installation required – just fill the concentrate container and connect the dispenser to a water source
- Maximum cleaning product performance

The HydroFoamer and HydroSprayer have proven successful for many applications:

- Restaurants
- Food preparation areas
- Supermarkets
- Food processing plants
- Animal care/research facilities
- Penal institutions (shower areas)
- Health care and educational facilities
- Service stations
- Paving contractors' facilities (asphalt release agents)

Further Information

You want it, you got it!

The **HydroFoamer** and **HydroSprayer** can be purchased as a kit. When used in combination, the **HydroFoamer** and **HydroSprayer** provides cleaning, rinsing and sanitizing.

Ask your representative about the 700 Series hose-end sanitation kit that combines these popular, effective sanitation products!

HydroFoamer Models

Model	Capacity	Approximate Dilution Range	
		Max.*	Min.
481	96 ounces (2.8 liters)	128:1	12:1
483	48 ounces (1.4 liters)	128:1	12:1

The **HydroFoamer's** unique injection concept mixes the proper amount of concentrate with both air and water to produce a thick, rich foam for longer soak time.

* *Leaner dilutions available – Contact Customer Service for Information.*

HydroSprayer Models

Model	Capacity	Approximate Dilution Range	
		Max.*	Min.
381	96 ounces (2.8 liters)	128:1	16:1
383	48 ounces (1.4 liters)	128:1	16:1

HydroSprayers produce a fine mist spray suitable for application of no-rinse sanitizers or products used to cover relatively large areas.
