A Makhteshim-Agan Company

Bifen XTS is an oil based insecticide that contains 25.1% bifenthrin and provides water-resistant, long lasting residual control. Broad label Bifen XTS is an excellent choice for PMP's looking for a high performance, cost effective Bifenthrin product for outdoor perimeter pest control, turf and ornamentals, or pre- and post-construction termite treatment.

- Contains two pounds of Bifenthrin per gallon
- Emulsifiable concentrate formulation mixes readily with water and is tank mix compatible with IGR's such as Pivot[®], herbicides, fungicides, insecticides and liquid fertilizers
- A versatile synthetic Pyrethroid for residual control of over 50 insects including termites, ants and surface feeding insects
- Labeled for pre- and post-construction termite control, use on turf and ornamentals and outdoor perimeter pest control
