

Kabuto® Fungicide SC

Excellent control of dollar spot in turfgrass!

WHAT IT IS

Kabuto® Fungicide SC is a liquid formulation featuring isofetamid to manage dollar spot diseases in turfgrass. Kabuto features a proprietary formulation that is proven to provide preventative and curative dollar spot control. It inhibits all stages of development in the fungal lifecycle, and can be applied up to eight times per year as a part of a resistance management program.

WHAT IT DOES

Kabuto controls:

Dollar spot disease, both preventatively and curatively, when used as directed.

Labeled for use on:

All turfgrass, especially where dollar spot resistance management is critical.

Ideal for use on:

- Golf courses
- Residential lawns
- Commercial/industrial lawns
- Parks and school grounds
