

Triclopyr 4

Broad spectrum control of select woody brush & broadleaf weeds

Control tough vegetation with year-round flexible application options. Triclopyr 4 has a wide variety of applications, including forestry, range pastures, rights-of-way, and on non-irrigation ditch banks.

- Ester formulation
- Selective control - little or no impact on grasses
- Ideal for pasture restoration
- Permissible to treat seasonably dry wetlands
- Tank mix compatible (as directed on label)
- High and low application rates, including aerial
- Easily absorbed through leaves and roots
- Foliar and Basal treatments

The Details

Control of problem vegetation such as:

- Salt Cedar
- Canada Thistle
- Mustard
- Purple Loosestrife
- Gallberry
- Wax Myrtle
- Blackberry

Formulation:	61.6% Oil Soluble Ester
Active Ingredient:	Triclopyr
Equivalent Brand:	Dow Agrosciences Garlon® 4 and Remedy®
Packaging:	2 x 2.5 gallons/case (36 cases per pallet); 30 gallon drum (5 drums per pallet)
Application Rates:	See label for specific uses and rates.
Mode of Action:	Post Emergent
Signal Word:	Caution
