**Indication of Immediate Medical Attention and Special Treatment Needed** : Treat symptomatically. This product contains petroleum distillates and may pose an aspiration pneumonia hazard. Do not induce vomiting.

### 5. Fire Fighting Measures

**Extinguishing Media** : Use water fog, foam, dry chemical or carbon dioxide extinguishing agents. Do not use straight streams of water.

**Specific Hazards Arising from the Chemical** : May emit smoke, fumes, carbon monoxide and aldehydes under fire conditions.

**Special Fire Fight Proc** : Wear self-contained breathing apparatus and full protective clothing.

### 6. Accidental Release Measures

**Personal Precautions** : Remove sources of ignition. Keep unprotected and unnecessary personnel out of spill area.

**Protective Equipment** : Splashproof goggles or face shield, impervious gloves, impervious apron and footwear. Respiratory protection not normally needed. Eyewash and emergency shower should be available in work area.

**Emergency Procedures** : Do not allow spills to enter drains or watercourses.

**Methods and Materials for Containment and Cleanup** : Stop leak if you can do so without risk. Recover by pumping or with suitable absorbent. If spilled to water, confine the spill immediately with booms. Remove from the surface of water by skimming or with suitable absorbents.

### 7. Handling and Storage
