LAKE AND POND COLORANT

DO NOT FREEZE

KEEP OUT OF REACH OF CHILDREN CAUTION

May cause eye and skin irritation. Avoid contact with skin, eyes or clothing. Do not take internally. Wear chemical-resistant eyewear and gloves. Long-sleeve shirt and pants and shoes and socks. Do not eat, drink, smoke or chew gum while using this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. In addition, follow precautionary statements on all products used with this material. Clean affected clothing, shoes, and protective equipment before reuse. DO NOT FREEZE.

GENERAL INFORMATION

Aqua Black WSB SELECT pond dye creates a glistening, reflective surface on controlled discharge systems such as lakes, lagoons, ponds or other water features that have become dingy and hazy. Non-toxic to aquatic life, pets, water fowl and irrigation systems, **Aqua Black WSB SELECT** is not recommended for use in systems such as rivers or streams where the water flow is not impounded. Swimming, fishing and water sports are safe immediately after application of **Aqua Black WSB SELECT**. When used as directed **Aqua Black WSB SELECT** will not stain concrete, stone, or swimwear. Photo-degradation, biological processes and dilution or chlorine will naturally diminish color intensity over time-2 to 4 weeks. Typically dissolving in 3-5 minutes, easy to use **Aqua Black WSB SELECT** simplifies user contact, clean-up and package disposal.

DIRECTIONS FOR USE

Use this formula to calculate the volume of water for treatment:

$$\frac{\text{Length} \times \text{width} \times \text{depth}}{43,560} = \text{acre-foot}$$

(1 acre-foot = 325,851 gallons.)

For each 1 acre-foot of water feature surface area, use one packet of **Aqua Black WSB SELECT**. Color intensity may be adjusted by gradually increasing or decreasing the application rate as needed. Place packets near aerators, waterfalls or circulating pumps and evenly spaced across large surface areas to speed dispersal rate. Temperature differences, wind and currents will disperse colorant where there are no mechanical systems.

STORAGE, HANDLING AND DISPOSAL

DO NOT FREEZE

Store in a cool, dry place. Protect product from exposure to moisture or high humidity. Do not handle with wet hands. Always reseal outer packaging immediately after the packets are removed.

WARRANTY STATEMENT

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
