

ENDURANT^{TE}

TURF ENHANCER

All-Natural and Environmentally Friendly

APPLICATION & RATES

Apply **Endurant TE** at a rate of 8-24 oz per acre. Increase or decrease rate to achieve desired color depth. Turf conditions, equipment calibration and depth of color causes coverage rates to vary.

Allow **Endurant TE** to fully disperse into agitation following standard order of addition regarding pesticides, fungicides and fertilizers.

After application, clean tank with water and/or tank cleaner and according to pesticide manufacturer instructions if applicable.

SHAKE WELL BEFORE USE.

WARNING

This product will stain many substrates including but not limited to: Plants, rocks, stepping stones, sidewalks, pavers and driveways. Areas which may unintentionally be colored should be pre-wet and then thoroughly rinsed with water immediately following treatments.

Do not apply undiluted product.

PRODUCT DESCRIPTION

Endurant TE is an eco-friendly organic pigment made with binders chosen specifically for its excellent adherence to Turfgrass. **Endurant TE** is a temporary color enhancer intended for use from spring transition until approaching dormancy conditions occur, providing a natural looking green associated with actively growing healthy turf. It's visual appeal is unmatched by any other colorant staying consistent with the superior colors, quality and value associated with the Endurant Turf Colorants line.

Simply mix **Endurant TE**, according to label rates, in with weekly spray applications to provide color uniformity, to mask discoloration from chemical treatments and to present a vibrant, lush green appearance on a regular basis.

Net Contents: 1 Gallon
