

Brandt Topcoat

Soil Wetting Agent

General Information

BRANDT TOPCOAT uses proven soil wetting technology that is safe for plants, including turf. Unlike some soil wetters that contain up to 83% water, BRANDT TOPCOAT is a 100% active mixture of components. It contains no added water.

Principal Functioning Agents

Polypropoxylated, polyethoxylated polymers and copolymer blend	100.0%
Total	100.0%

APPLICATION FREQUENCY	14 DAYS	30 DAYS	6 WEEKS	UP TO 6 MONTHS	
				SINGLE APPLICATION	SPLIT APPLICATION*
Rate per 1000 sq ft	2 oz	2 - 6 oz	3 - 9 oz	8 - 16 oz	8 oz
Rate per acre (approx)	5.5 pt	5.5 pt - 2 gal	1 - 3 gal	3 - 6 gal	3 gal
Frequency notes	Make first application at 4 oz/1000 sq ft, then normal rate thereafter	Use lower rates for non-sandy soils and higher rates for sandy soils		Apply specified amount in 2 applications, 2 weeks apart	
May be applied with	Most pesticides and fertilizers. Test combination first for compatibility and safety. Generally, 4 oz or less per 1000 sq ft is compatible with most substances. Water in after application.		Should be applied alone. Water in after application.		

* Split applications will last longer than a single application.

Directions for Use

Apply recommended dosage from chart above in a minimum of 2 gallons per 1000 sq ft or 100 gallons of water per acre. More reliable results are obtained with lower, more frequent applications. Irrigate before next mowing or leave clippings on ground. When applied with pesticides and fertilizers, test spray mixtures in a small area before full-scale application. User needs to use caution and good judgment when using this and all other turf care products to avoid injury or serious damage. Seed establishment - add 4 oz. per 1000 sq ft two weeks before seeding.

Brandt Topcoat

BRANDT TOPCOAT may be used in many different situations and under any conditions where the improvement of ability of water to penetrate soil is necessary or desired. This can include new plantings such as for decorative trees, bushes or flowers. Also included are various needs for turfgrass such as the treatment of problem and disease areas due to the inability of water to penetrate the ground such as Localized Dry Spot or LDS.

Applications may be made pre-plant, at plant and/or post-plant to improve water content of the soil. Also, BRANDT TOPCOAT may be used in hydroseeding mixtures to improve water content of the blend. BRANDT TOPCOAT may also be used to treat problems caused by the inability of moisture to penetrate the soil in a Localized Dry Spot (LDS).

KEEP OUT OF REACH OF CHILDREN CAUTION

Avoid contact with skin, eyes, or clothing.
May cause eye and skin irritation.

FIRST AID

IF SWALLOWED: Immediately call a poison control center or doctor for treatment advice. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give ANY liquid to the person. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool, dry, locked area out of reach of children. Protect from excessive heat. Keep container tightly closed in storage to prevent entry of water.

PESTICIDE DISPOSAL: Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
