

# THE EVIDENCE IS CLEAR. SO IS YOUR CHOICE.

MAXFORCE® QUANTUM

ADVION®

## Maxforce – A quantum leap for ant control.

With Maxforce® Quantum Ant Bait as a tool in your IPM program, you're protecting customers with an irresistible bait formula that can build confidence in your service and increase profitability. Quantum's revolutionary hydroscopic formula stays moist and attractive for an unprecedented three months, making it the only ant bait of its kind that remains attractive from one quarterly service visit to the next. And, because Quantum lasts longer, your customer retention does too. Our advanced technology is a breakthrough approach to any control that delivers the effective, low-impact pest control you expect from Maxforce. And it's Backed by Bayer.

Bayer

Maxforce®

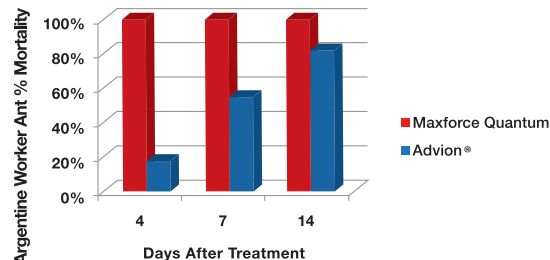

QUANTUM ANT BAIT

# ANT BAIT DOESN'T GET ANY BETTER OR LAST ANY LONGER.

## Maxforce® Quantum controls ants fast:

- Argentine ants
- Pharaoh ants
- White-footed ants
- Acrobat ants
- Little black ants
- Thief ants
- Odorous house ants
- Pavement ants
- Crazy ants
- Ghost ants
- Rover ants
- Big-headed ants
- Black garden ants

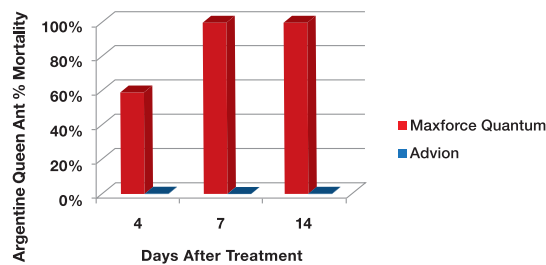

### Argentine Worker Ant Mortality

## Easy and economical to apply

- Remains effective from one quarterly service visit to the next
- Clear, odorless formula
- Flexible label for indoor and outdoor use in residential and commercial accounts
- Apply as crack and crevice, void or spot treatment
- Convenient 120gm bottle delivers 600 0.2gm bait placements - as much as a box of four 30gm reservoirs

### Argentine Queen Ant Mortality

## 120 Maxforce Refillable Buffet Stations per case

- Protect the bait from the elements; extend the bait's attractiveness
- Eliminate bait absorption into porous surfaces
- Easy to fill and inspect

Queen ant mortality is the key to effective long-term colony control.
