Masking Agent Select™ is a concentrated fragrance containing essential oils from the wintergreen plant, designed to mask objectionable chemical odors. The odors associated with the application of some herbicides, insecticides and fungicides can be offensive and create negative public perceptions. Utilizing Masking Agent Select in the tank mix will mask these odors with a "good" wintergreen fragrance.

- Reduce the detection of chemical spray operations
- Wintergreen fragrance
- Safe and easy to use with any tank mix
- Does not affect efficacy of active ingredients
- Does not harm turf, ornamentals or other plants
- Especially beneficial while spraying in public areas
